

Proof of Residency

The Indiana Department of Education requires that every student enrolled have on file documentation that provides proof of residency.

In addition to providing a current driver's license or state picture identification card for the school to photocopy, parents/legal guardians must provide at least one (1) residency document.

Proof of Residency Documentation* may include such items as a:

- Current utility bill
- Telephone/Cable/Internet bill
- Tax return
- Bank statement
- Mortgage statement
- Rental/lease agreement
- Medical bill
- Other like information that provides a verifiable address

Documentation should be dated within 60 days of new student enrollment. The date should be clearly identified and readable, and it must include parent/legal guardian name(s) with a current Indiana address. You may bring your document(s) to our main office to be copied, send in (a) hard copy(ies), or email to info@rschool.net.

As part of R yearly registration process, Renaissance will share the residency information we currently have on file for each student for parents/legal guardians to certify that the student's address is either unchanged or changed. If changed, the new address should be updated on the certification form and you will be required to provide physical proof of the address change.

Thank you for cooperation.
